The  
FILIGREE BALLANNA KATHARINE GREEN,  
Author of "The Mystery of Agatha Webb,"  
"Lost Man's Lane," Etc.

Copyright, 1904, by the Bobbs-Merrill Co.

"Yes, and sprang forward."  
"Did she say anything?"  
"Not then."  
"What did she do?"  
"Waited for him to speak."  
"Which he did?"

"At once and very brutally. He asked if she was Mrs. Jeffrey's sister, and when she nodded and gasped 'Yes,' he blurted out that Mrs. Jeffrey was dead; that he had just come from the old house in Waverley avenue, where she had just been found."

"And Miss Tuttle?"  
"Didn't know what to say; just hid her face. She was leaning against the newel post, so it was easy for her to do so. I remember that the man stared at her for taking it so quietly and asking no questions."

"And did she speak at all?"  
"Oh, yes, afterward. Her face was wrapped in the folds of her cloak, but I heard her whisper as if to herself: 'No, no! That old heart is not a lodestone. She cannot have fallen there. And then she looked up quite wildly and cried: 'There is something more! Something which you have not told me!' She shot herself, if that's what you mean. Miss Tuttle's arms went straight up over her head. It was awful to see her. 'Shot herself?' she gasped. 'Oh, Veronica, Veronica!'"

"In Mr. and Mrs. Jeffrey's bedroom, sir; the room opening out of the sitting room where Mrs. Jeffrey had kept herself shut up all day."

"Does this bedroom of which you speak communicate with the hall as well as with the sitting room?"  
"No, sir; it is the defect of the house. Mr. and Mrs. Jeffrey often spoke of it as a great annoyance. You had to pass through the little boudoir in order to reach it."

The juryman sank back, evidently satisfied with her replies, but we who marked the visible excitement with which the witness had answered this seemingly unimportant question wondered what special interest surrounded that room and the pistol to warrant the heightened color with which the girl answered this new interlocutor. We were not destined to know at this time, for the coroner, when he spoke again, pursued a different subject.

"How long was this before Mr. Jeffrey came in?"

"Only a few minutes. I was terribly frightened at being left there alone and was on my way to ask one of the other girls to come up and stay with me when I heard his key in the lock and came back. He had entered the house and was standing near the door talking to an officer, who had evidently come in with him. It was a different officer from the one who had gone away with Miss Tuttle. Mr. Jeffrey was saying: 'What's that? My wife hurt?' 'Dead, sir!' blurted out the man. I had expected to see Mr. Jeffrey terribly shocked, but not in so awful a way. It really frightened me to see him and I turned to run, but found that I couldn't and that I had to stand still and look whether I wanted to or not. Yet he didn't say a word or ask a question."

"What did he do, Loretta?"

"I cannot say. He was on his knees

and was white-on, now white, let me look up when the man described how and where Mrs. Jeffrey had been found and even turned toward me when I said something about his wife having left a message for him when she went out. This message, which I almost hesitated to give after the awful news of her death, was about the ending of some story, as you remember, and it seemed heartless to speak of it at a moment like this, but as she had told me to I didn't dare to disobey her. So, with the man listening to my every word, and Mr. Jeffrey looking as if he would fall to the ground before I could finish, I repeated her words to him and was surprised enough when he suddenly started upright and went flying upstairs. But I was more surprised yet when, at the top of the first flight, he stopped and, looking over the balustrade, asked in a very strange voice where Miss Tuttle was. For he seemed just then to want her more than anything else in the world and looked beaten and wild when I told him that she was already gone to Waverley avenue. But he recovered himself before the man could draw near enough to see his face, and rushed into the sitting room above and shut the door behind him, leaving the officer and me standing by the front door.

"As I didn't know what to say to a man like him, and he didn't know what to say to me, the time seemed long, but it couldn't have been very many minutes before Mr. Jeffrey came back with a slip of paper in his hand and a very much relieved look on his face. 'The deed was premeditated,' he cried. 'My unfortunate wife has misunderstood my affection for her!' And from being a very much broken down man he stood up straight and tall and prepared himself very quietly to go to the Moore house. That is all I can tell about the way the news was received by him."

Were these details necessary? Many appeared to regard them as futile and uncalled for, but Coroner Z. was never known to waste time on trivialities, and if he called for these facts those who knew him best felt certain that they were meant as a preparation for Mr. Jeffrey's testimony, which was now called for.

Both Used Same Gun.  
New York, Nov. 11.—Because her husband had approved her, Mrs. Katherine Green is dead at her own hands in Brooklyn, while her husband is dangerously wounded in a hospital, having shot himself when he saw the result of his words with his wife. George Green had criticized his wife for going out walking with another man, and without saying a word, she shot herself through the heart. Overcome with horror, the husband picked up the same revolver and shot himself.

Sentence Will Be Executed.  
Mexico City, Nov. 11.—The legislature of the state of Oaxaca has approved the report of the commission of justice denying the right of commutation from capital punishment to John Madden, an American who killed Dr. Richard D. King, while the latter was alighting from a train at Oaxaca. The killing excited indignation in the English-speaking colony of Oaxaca.

Report Was Erroneous.  
El Paso, Tex., Nov. 11.—Wells-Fargo officials have discovered that the report of the theft of an express package containing \$11,900, shipped from Chihuahua to Mexico City some time ago was erroneous. A defaulting employee of a large Chihuahua concern, it is said, sent a fake package to help cover his shortage, and has confessed.

## MEDIATION DENIED

Russia Has No Idea of Accepting Anyone's Good Offices.

## OUT OF THE QUESTION

Count Cassini, the Czar's Ambassador, Sets at Rest All Rumors on This Subject.

At This Stage of the War Russia Will Brook No Mediation, He Says.

Washington, Nov. 11.—Emphatically, but with all courtesy, Russia, through her ambassadors abroad, has several times informed the neutral powers that she will brook no mediation at this time in her war with Japan. It can be announced that Russia expects her wishes will be respected by all the powers to which she has communicated her views.

COUNT CASSINI.

Count Cassini, the Russian ambassador, said: "I can announce that I have very good reason to believe that my government's emphatic opposition to any mediation at this time will be respected and observed by all neutral powers."

Of the suggestion made in Great Britain that the United States take the lead in a move for intervention, the ambassador hesitated to repeat what he has announced so many times, that he has positive assurance that this government, while at all times ready to offer its services, has not the slightest intention to take a step toward mediation unless invited by both belligerents. The Russian government is fully aware of the views of this government on the subject, and it is deemed unnecessary at the Russian embassy here again to announce that it is confident this attitude will be strictly adhered to.

Artillery Keeps in Practice.  
Huanian (ten miles south of Mukden), Nov. 11.—Along the eighty miles constituting the front of the Russian army everything is quiet except for occasional skirmishes and artillery duels on the center and left, where gunners fire occasionally for the sake of practice, so as to have the range should the Japanese take the offensive. Sometimes outposts indulge in fusillades. When the Japanese jocularly display a white disk indicating a miss, the Russian riflemen reply by raising a shirt on a bayonet. The Japanese are industriously continuing work under the cover of darkness, digging immense ditches, into which to deflect the water of the Shakhe river.Japanese Driven Out.  
Mukden, Nov. 11.—The Japanese assumed the offensive on the left bank of the Hun river and occupied three villages. The Russians, however, attacked, drove them out and again established their original lines of defense. Vice Admiral Skrydloff has arrived here.Spirited Attack Repulsed.  
General Oku's Headquarters, Nov. 10, via Fusan, Nov. 11.—A spirited Russian attack on an advance post last Tuesday night was repulsed after a half hour of musketry fire.Away From War's Alarms.  
St. Petersburg, Nov. 11.—Viceroy Alexieff arrived in St. Petersburg last evening.BACK TO THE LAW  
Judge Parker Has Several Engagements Under Consideration.

New York, Nov. 11.—Judge Parker came to this city from Esopus yesterday afternoon. He is quoted as saying to friends on the train: "Of course I am going to return to the law business. I have several engagements under consideration, but I have made no decision yet. It may be that I shall first take a holiday trip, not for myself, for I don't feel the need of any; but for the benefit of Mrs. Parker."

On his arrival here he went to the Manhattan club for a chat with friends. He went later to the residence of William F. Sheehan, where he dined.

He met there several judges of the supreme court, among whom were members of the appellate division, and with them he talked over the election. He spent the night at Mr. Sheehan's house and returned to Rosamont today.

## GLARING FRAUDS

On the Part of Colorado Democrats Are Charged.

Denver, Nov. 11.—At a meeting of Republican candidates and party leaders it was decided to immediately begin the contest for the places of all the Democrats who had been elected in Colorado on the face of the returns. An effort will be made to seat all the Republicans from governor down. The matter will be carried into the courts on the claim that the successful Democrats were elected by glaring frauds in Denver, and a number of affidavits in support of the charges of fraud have been filed at Republican headquarters by the Republican watchers and judges. Chairman Williams of the Republican city central committee declares that nearly all of the increased vote polled Tuesday, amounting to approximately 7,000 more than the number cast at the city election in May, was fraudulent.

## Peabody Gives Up.

Denver, Col., Nov. 11.—Governor James H. Peabody himself concedes his defeat. Alva Adams' majority over Peabody in the city and county of Denver is 5,071, and in the entire state about 10,500. Peabody was beaten 750 plurality in his home (Fremont) county, though it was carried by Roosevelt by 200. The Republicans will probably secure all the other state offices, though in some cases their pluralities are small.

## Missouri Is Safe.

St. Louis, Nov. 11.—With seven counties still to be heard from, the returns show that Roosevelt's plurality in Missouri stood 15,755. Of the seven counties unheard from, six went for Bryan in 1900. They are remote and sparsely settled. At the same time, Folk's plurality for governor, Democratic ticket, stands 34,883.

## Maryland Very Close.

Baltimore, Nov. 11.—The official returns received here indicate that the vote for the presidential candidates last Tuesday was very close—possibly 100 on either side. It is probable that Secretary of State Oswald Tsigman will be called upon to decide which of the electors will be entitled to cast their votes in Washington.

## Plenty in Pennsylvania.

Philadelphia, Nov. 11.—Complete but unofficial figures received by the Associated Press from every county in the state show that President Roosevelt's plurality in Pennsylvania has reached 494,525, probably the largest plurality ever given a presidential candidate by any state in the political history of the country.

## Ohio's Great Record.

Columbus, Ohio, Nov. 11.—Nearly complete returns show close to 250,000 for the Roosevelt and Fairbanks electors. Only eighteen out of the eighty-eight counties in the state have been carried for Parker, and only one Democratic congressman has been elected out of twenty-one.

## DEADLY TENEMENT FIRE

Three Lives Lost in Incendiary Blaze in New York.

New York, Nov. 11.—Three persons lost their lives, twenty were injured, nearly fifty were overcome by smoke and an equal number are temporarily homeless as a result of a series of fires in various parts of the greater city. In nearly every case the fires were in tenement houses occupied by a large number of families, and at least two of them are thought to have been started by incendiaries. That no more lives were lost undoubtedly was due to the fact that the flames were discovered in every instance before they had made great headway and the excellent use made of saving appliances by the firemen. Nearly all the fires started in the lower parts of the buildings, and the dense clouds of smoke which swept up through halls and elevator shafts drove the panic-stricken tenants to roofs and fire escapes. The most serious fire of the day was that in the upper east side apartment house in which three lives were lost.

## Getting in Better Humor.

Panama, Nov. 11.—Any ill-feeling that may have existed between the Panama and United States governments on account of differences over the canal zone affairs seems to be disappearing. Panamanians are preparing to celebrate the arrival here of Secretary of War Taft, who with his friends, it is the desire of this government, will be the guests of the republic during their stay here.

## TERSE TELEGRAMS

Judge Alton B. Parker will resume the practice of law.

Three lives were taken in a bloody feud fight in Fayette county, W. Va.

Three persons lost their lives and twenty were injured in a New York fire.

Count Cassini, Russian ambassador, says his government cannot possibly accept mediation at this stage of the war.

President Roosevelt has decided to pay a visit to the St. Louis exposition and will leave Washington in time to be in St. Louis on Nov. 26.

During the last fiscal year 12,058,068 pounds of mail was dispatched by sea to foreign countries, of which \$2,271,191 was for trans-Atlantic destinations.

The production of corn in 1904 indicates a total yield of about 2,453,000,000 bushels, or an average of 26.7 bushels per acre, as compared with an average yield of 25.5 bushels.

## A DAY FOR THANKS

Gov. Durbin Calls on People of Indiana to Be Duly Grateful.

## FORMAL PROCLAMATION

Thursday, November 24, Appointed As a Day of Gratitude For All Heavenly Mercies.

People of the State Enjoined to Give the Day their Attention and Observance.

Indianapolis, Nov. 11.—Governor Durbin has issued the following Thanksgiving proclamation:

Whereas, the President of the United States, in accordance with custom, has issued a proclamation appointing a day of national thanksgiving to be observed by the people of the United States, therefore I, Winfield T. Durbin, Governor of the State of Indiana, do hereby proclaim and designate

Thursday, November 24, as Thanksgiving Day, to be observed as such by the people of Indiana. The people are requested to cease from their ordinary occupations on that day and to assemble in their several places of worship and about their hearthstones to devoutly thank the Giver of all good for His manifold mercies and blessings conferred upon us as a nation, as a state, and as individuals, and to beseech a continuance of God's favor.

The circumstances by which we are at this time surrounded are such as tend to foster the spirit of thanksgiving.

The husbandman has been blest with abundant harvests, our industrial enterprises have largely prospered, and among our people there are diffused more of the advantages and opportunities of civilization than ever before. Those movements which make for the uplifting of our citizenship have been notably advanced during the year just closed, and the future is bright with the promise of better things.

Under these happy circumstances the observance of this annual festival of praise and thanksgiving should be more general than in any former year.

## MURDER AT MAXWELL

Robert Frazier Fatally Beaten for Shouting for Roosevelt.

Greenfield, Ind., Nov. 11.—As the result of an oversupply of enthusiasm Charles Van Blaricon of Maxwell, a little town five miles north of here, is in the county jail, awaiting trial on charge of murder. Van Blaricon became enraged at Robert Frazier, a young farmer, two miles west of Maxwell, who was standing in front of a store shouting for Roosevelt, and rushed upon him, striking him several violent blows with a welding iron used in the chain factory where he is employed. Eye-witnesses of the event say the attack was entirely unprovoked. Frazier lived for twenty-four hours, when he died without regaining consciousness. Threats of lynching were freely heard among the rather rough element of that neighborhood, and Van Blaricon was arrested and hurried to the jail here for safe keeping.

## Serious Cutting Affray.

Martinsville, Ind., Nov. 11.—As a result of a fight in Ashland township, Gran Costin and his two sons, Orla and Ezra, stand charged with trying to kill Green Ratts. It is alleged that the Costin brothers were choking another boy, when Ratts remonstrated. The Costins then attacked Ratts with knives, and when Ratts defended himself the elder Costin bore a part, also cutting Ratts, who was stabbed several times. A cut in the abdomen promises to be serious.

## Prohibition Gains.

Indianapolis, Nov. 11.—Information received by State Chairman Newlin of the Prohibition party is that the Prohibitionists have elected two township trustees in the state, and have nearly doubled their vote in Indiana, as compared with that in the election of four years ago. "The reports that I have received up to this time," said Mr. Newlin, "are very incomplete, but they lead me to believe that the Swallow vote in the state was between 20,000 and 25,000."

## Talking Over School Matters.

Indianapolis, Nov. 11.—The Town and City School Superintendents' association began its fifteenth annual meeting last night in the assembly room at the Claypool hotel. The meetings of the association will continue through Saturday morning.

## Shot in Saloon Fight.

Batesville, Ind., Nov. 11.—During a fierce fight in Meyer's saloon at Napoleon, William Smiley was shot and seriously wounded by Fred Meyer. An old grudge was at fault.

## Saratoga, Ind., Nov. 11.—Harley McCartney caught the fingers of his right hand in a corn shredder and they were so badly mangled as to require amputation.

## TIRED WOMEN.

Women who are easily fatigued, tired, nervous or sleepless will derive great benefit from a few doses of Hostetter's Stomach Bitters. It is a mild tonic for their various organs and strengthens and stimulates them in the performance of their duties. Women everywhere who have tried it freely endorse it. We urge all women to try a bottle. It also cures Indigestion, Dyspepsia, Poor Appetite, Cramps and Sick Headache.

## HOSTETTER'S STOMACH BITTERS.

## SURPRISE ADMITTED

Even Republican Leaders Were Not Looking for Such a Razz-dance.

Indianapolis, Nov. 11.—A peculiar feature of the post-election situation is the absence of the horde of "I-told-you-so's" who always come around the day after to show how wise they were. But this time the plurality of the Republicans was so large that there were probably less than a dozen men in Indiana who imagined it would be anything like 65,000 or 70,000. A few there were who predicted that it would exceed 50,000, but even they are not of the "I-told-you-so's." Chairman Goodrich is not claiming that the victory was due to organization, although he feels proud of the work accomplished by the committee. It is said that he informed one of his friends before he left for his home in Winchester that the victory would have been practically as large even if there had been no organization at all. Many politicians in analyzing the result are inclined to agree with him. The only fear of the Republicans now is that the majority is so large that it will work harm to the party in campaigns that are to come. The headquarters at the Hotel English are to be kept open the year round and the organization is to be kept alive and ready for another battle.

There promises to be a lively race for the speakership of the house. Owing to the election of Republican members in many Democratic counties, the field is more complicated and the prospective candidates will have their hands full getting a line on things. It is pretty generally understood that Sidney Cantwell of Hartford City will be a candidate, and it would not be surprising if he should start away in the lead, owing to the large number of party leaders who are said to favor him. Warren G. Sayre of Wabash is talked of as a candidate, but he may not enter the race. If he does he is sure to be an important factor. Ele Stansbury of Williamsport, who was a member two years ago, is also seriously considering whether or not he will enter the lists. It was said here today that William Bosson of this city may become a candidate. E. A. Dausman of Goshen, who was in the senate in the last two sessions is also regarded as a probable candidate. The race will start as soon as the leaders get a rest from their recent labors.

It is now generally known among politicians here that Harry S. New, vice chairman of the Republican national committee, will formally enter the race for Senator Fairbanks' place in the senate. A member of the Marion county delegation said today that before New went to Chicago to take charge of the Western headquarters, that he called on members of the delegation here and asked them not to pledge themselves to any candidate till after the election, as he would say then whether or not he would run. It is known that New wants to enter the race and that many prominent Republicans have urged him to, but it is said that he has not made up his mind definitely and will not till he returns to Indianapolis within the next few days. If he does enter it is presumed that he will have the Marion county delegation to start with, although it has been understood that most of the members here were favorable to Congressman Hemenway.

There will be comparatively few changes at the statehouse as the result of this election. Secretary of State Storms, Auditor Sherrick, Treasurer Hill and Attorney General Miller were re-elected, and they have their well-trained deputies and assistants. It is not likely that any of them will be let out. Governor Durbin's term expires the first of the year, and it is said that J. Frank Hanly, governor-elect, is already besieged for positions. It is also said, however, that he has refused to make a single promise of appointment. Charles E. Remy, reporter of the supreme and appellate courts, will be succeeded the first of the year by George Self of Corydon, and B. F. Johnson, statistician, will give way to Joe Stubbs. These are all the important changes that will take place. However, there is the usual amount of interest over the impending changes in administration.

## Murder Is Suspected.

Cannelton, Ind., Nov. 11.—The body of David Gavis, aged thirty years, was found in the Ohio river here. His head was crushed and it is believed he was murdered. His home was at Hawesville, Ky. Officers are investigating the case.

## Away From the Turmoil.

Albany, N. Y., Nov. 11.—Judge D. Cady Herrick, the defeated candidate of the Democratic party for governor, left today for an extended visit to Havana. Upon his return he will resume the practice of law.

# TAINTED BLOOD

Columbus, Ohio, May 19, 1903.  
Some four years ago I was suffering from impure blood and a general run-down condition of the system. I had no appetite, was losing flesh, and had an all-gone tired feeling that made me miserable. I began the use of S. S. S., and after taking seven or eight bottles my skin was cleared of all eruptions and took on a ruddy, healthy glow that assured me that my blood had been restored to its normal, healthy condition. My appetite was restored, and I could eat anything put before me, and as I regained my appetite I increased in weight, and that "tired feeling" which worried me so much disappeared, and I was once again my old self. I heartily recommend S. S. S. as the best blood purifier and tonic made, and strongly advise its use to all those in need of such medicine. VICTOR STUBBS, Cor. Barthman and Washington Aves.

Wheeling, W. V., May 28, 1903.  
My system was run down and my joints ached and pained me considerably. I had used S. S. S. before and knew what it was, so I purchased a bottle of it and have taken several bottles and the aches and pains are gone, my blood has been cleared and my general health built up. I can testify to it as a blood purifier and tonic. 1533 Market St. JOHN C. STRIN.

FRIDAY, NOVEMBER 11, 1904.

THE Republicans of Brownstown will ratify the results of Tuesday's election Saturday night

PARKER gives out a statement to the Democratic party which will be about the last advice he will give to his party, but what he says now will have even less effect than what he said so poorly before the election.

WITH the great victory achieved by the Republican party at the polls Tuesday came great responsibilities. But the party will be able to bear them. It has successfully handled great questions in the past and will successfully handle them in the future.

### DIED.

RINGER—Henry Ringer died at his home east of Seymour Thursday afternoon at 2 o'clock, aged 78 years, 3 months and 20 days. He had been sick for some time. He was a prominent farmer and was held in high esteem by a large circle of friends. Funeral Sunday at 9:30 o'clock from the residence. Burial at the Woburn cemetery.

GRAHAM.—Martin V. Graham, aged 69 years, died at Indianapolis where he has been for the past six months, Thursday afternoon Nov. 10, 1904. Mr. Graham was a native of Kentucky but part of his life was spent at Huntington, West Virginia. Several years ago he was the proprietor of the Jonas hotel. After that he left here and returned about three years ago. He leaves three daughters and one son, Mrs. T. S. Galbraith, Mrs. H. M. Miller, of Seymour, Miss Emma Graham, of St. Louis, and John Graham, of Catlettsburg, Ky. The remains will be taken to Louisa, Ky., for burial.

WICKLEY.—Marshall Wickley died at his home near Fleming at 10:30 o'clock Thursday night. He had a stroke of paralysis a few days ago which was the immediate cause of his death. He was a well known farmer and had many acquaintances in this city. His age was about sixty years. He leaves a wife, two daughters and one son. Funeral Sunday at 1 p. m., from St. Ambrose Catholic church in this city.

MEYER.—Mrs. Ellen Meyers, a cousin of Mrs. William Wallace, of this city, died at Vincennes Thursday. Some of the relatives here will attend the funeral at Vincennes.

### A Sure Thing.

It is said that nothing is sure except death and taxes, but that is not altogether true. Dr. King's New Discovery for Consumption is a cure for all lung and throat troubles. Mrs. C. B. VanMetre, of Shepherdstown, W. Va., says "I had a severe case of bronchitis and for a year tried everything I heard of, but got no relief. One bottle of Dr. King's New Discovery then cured me absolutely." It is infallible for croup, whooping cough, grip, pneumonia and consumption. Try it. It is guaranteed by W. F. Peter Drug Co. Trial bottles free. Regular sizes 50c, \$1.00.

### Uncle Tom Tonight.

Al. W. Martin's mammoth production of that immortal drama, "Uncle Tom's Cabin" will be the attraction at the opera house tonight. The company came in by special car this morning. This is said to be a very elaborate production of this drama that never fails to interest the people and draw crowds.

### W. C. T. U.

Rev. Alice Palmer, ex-state treasurer of the W. C. T. U. and a prominent lecturer, will be in Seymour next Wednesday, November 16. In the afternoon she will hold a parlor meeting at the home of Mrs. Wiley. All ladies are cordially invited. In the evening she will give a public lecture at 8 o'clock at the German M. E. church. Admission free.

### A Startling Test.

To save a life, Dr. T. G. Merritt, of No. Mehopyany, Pa., made a startling test resulting in a wonderful cure. He writes, "a patient was attacked with violent hemorrhages, caused by ulceration of the stomach. I had often found Electric Bitters excellent for acute stomach and liver troubles so I prescribed them. The patient gained from the first, and has not had an attack in 14 months." Electric Bitters are positively guaranteed for dyspepsia, indigestion, constipation and kidney troubles. Try them. Only 50c at W. F. Peter Drug Co.

Presbyterian Church.  
Rev. W. R. Anderson, of Louisville, will preach again at the Presbyterian church on next Sunday morning and evening. Rev. Anderson's former sermons here were highly appreciated by those who heard him. A full attendance of the membership is especially desired.

### But a Short Time

Remains for you to avail yourself of the services of specialists, with city experience, who have handled hundreds of cases in your own community to the entire satisfaction of the patient. Now is the accepted time. Do it now. Consider our guarantee. Mr. and Mrs. Harsch, Eye Sight Specialists.

Harry Findley came down from Seymour, Friday to visit his little daughter, who is making her home with his mother.—Browtown Banner.

Norinne Weaver, daughter of Jesse Weaver, who has been dangerously ill with scarlet fever has passed the danger point and is now convalescent.

### OLD AGE BROUGHT NO INFIRMITIES

To "The Autocrat of the Breakfast Table."

Oliver Wendell Holmes, after eighty years of life had rolled over his head, declared that he was "eighty years young." So may every man and woman in Seymour, said Mr. Peter of the W. F. Peter Drug Co., "If they will take proper care of themselves, keep built up and their bodily tissues from wasting."

"I wish I could persuade every person in this vicinity who 'feels old', whether they are so in years or not, to take our splendid cod liver oil preparation, Vinol. It is by far the greatest tissue builder and invigorator in the world for old people. Vinol is not a patent medicine, but simply contains the body-building, strength-creating properties of cod liver oil actually taken from fresh cods' livers, and we guarantee that it will repair worn tissues, check the natural decline and replace weakness with strength."

"There are hundreds of old people in this vicinity who need just such a strength-maker and tissue-builder as Vinol. Their blood is thin and sluggish, but we guarantee that Vinol will enrich and quicken the blood and build up the system. It contains no whiskey or strong stimulants, which have a bad after effect and weaken and break down and we therefore wish every person who 'feels old' in this vicinity would try Vinol on our guarantee to return their money if they are not satisfied." W. F. Peter Drug Co.

### ON GETTING TOUCHED

Some Good, Sound Advice in the Matter of Granting and Refusing Favors

From "Old Grogan Graham's More Letters From a Self-Made Merchant to His Son," by George Horace Lorimer. By permission of Doubleday, Page & Co., Publishers.

It's a mighty curious thing, but a lot of men who have no claim on you and who wouldn't think of asking for money will panhandle both sides of a street for favors that mean more than money. Of course it's the easy thing and the pleasant thing not to refuse, and, after all, most men think it doesn't cost anything but a few strokes of the pen, and so they will give a fellow that they wouldn't ordinarily play on their friends as a practical joke a nice sloppy letter of introduction to them or hand out to a man that they wouldn't give away as a booty prize a letter of recommendation in which they crack him up as having all the qualities necessary for an A1 Sunday school superintendent and bank president.

Now that you are a boss you will find that every other man who comes to your desk is going to ask you for something; in fact, the difference between being a sub and a boss is largely a matter of asking for things and of being asked for things. But it's just as one of those poets said—you can't afford to burn down the glue factory to stimulate the demand for glue stock, or words to that effect.

Of course I don't mean by this that I want you to be one of those fellows who swell out like a ready-made shirt and brag that they "never borrow and never lend." They always think that this shows that they are sound, conservative business men, but as a matter of fact it simply stamps them as might mean little cusses. It's very superior, I know, to say that you never borrow, but most men have to at one time or another, and then they find that the never-borrow-never-lend platform is a mighty inconvenient one to be standing on. Be just in business and generous out of it. A fellow's generosity needs a heap of exercise to keep it in good condition, and the hand that writes out checks gets cramped easier than the hand that takes them in. You want to keep them both limber.

While I don't believe in giving with a string tied to every dollar or doing up a gift in so many conditions that the present is lost in the wrappings, it's a good idea not to let most people feel that money can be had for the asking. If you do, they're apt to go into the asking business for a living. But these millionaires who give away a hundred thousand or so with the understanding that the other fellow will raise another hundred thousand or so always remind me of a lot of boys coaxing a dog into their yard with a hunk of meat so that they can tie a tin can to his tail.

### Street Sweeping and Consumption.

The examination of the physical condition of the 1,800 street sweepers employed by New York city shows that 283 are affected with tuberculosis contracted during the course of their work by inhaling disease laden dust. It is recognized that the peril to the community by the infection of the sweepers is greater than an equal prevalence of the "white plague" among any other class. Their constant presence on the streets, poisoning the dust and being poisoned in turn, makes them ready distributors of the malady.

### Mica Covered Steam Pipes.

The saving in condensation effected with the best form of mica covering is nearly 88 per cent—that is, calling the loss of heat with bare pipes 100, the loss when wrapped with mica packing would be 12. Asbestos covering seems to be considerably inferior to mica, and cements are less desirable than either for covering exposed steam pipes.

### Says Teachers are Extravagant.

In the discussion of the school teachers' salary question at the annual meeting of the Town and City Superintendents' association, at the assembly room of the Claypool hotel last night, D. A. Lambright of Kendallville received little applause when he advanced the idea that teachers under the present regulations were receiving sufficient salaries. "The trouble with the school teachers," declared Superintendent Lambright, "is that they are extravagant. I know a teacher who taught eight years at \$50 a month and saved enough money to buy a nice home. During all that time she wore good clothes, too." At this statement several of the women teachers in the audience glanced significantly at each other and frowned.—Indianapolis Star.

### Invitation Ball.

The Modern Woodmen Uniform Rank are making plans to give an invitation ball November 22. Five hundred invitations will be sent out. There will be several present from Columbus, Indianapolis and other points. An orchestra composed of sixteen pieces will supply the music.

### Take Time by the Forelock

Be honest with yourself for once in your life, and provide the assistance your eyes are constantly crying for—when they water, burn, when your headaches by reason of the great effort made to see. We will stop the blur and other discomforts, or your money back. But one week remains to avail yourself of our services. Mr. and Mrs. Harsch, Eye Sight Specialist.

### AMERICAN BIBLE SOCIETY.

Interesting and Instructive Program Rondered.

The Union meeting held at the German M E church last night in the interest of the American Bible Society was very interesting and instructive. The special music furnished by the choir and the vocal solo by Miss Anna Carter were highly appreciated by the audience. The addresses delivered by the Rev. Harley Jackson and Dr. J. A. Sargent were excellent, and brought out very forcibly the place which the bible takes among other books, and the marvelous work of the Bible Society, distributing this book in 206 different languages, this being both the forerunner of, and an inestimable assistant to the missionary societies of all denominations.

The reports of the officers showed that the Auxiliary Society of Seymour and vicinity is in good condition and is doing a good work. Books to the value of \$36.21 were sold during the year. Value of books now in the Depository at Strattons Jewelry Store \$84.80.

It is very desirable that the Christian people of Seymour and vicinity become more familiar with the work of the Bible Society and its local library. To this end the pastors of the various churches were requested to present the matter to their congregations. The election of officers and board of directors for the ensuing year resulted as follows:

President, J. W. Conner.  
Secretary, N. M. Carlson.  
Treasurer, Louis Schneck.  
Librarian, W. Stratton.  
Board of directors: The pastors of Seymour and vicinity by virtue of their office and J. W. Conner of M. E. church, F. H. Hadley of Baptist, J. L. Kessler of Presbyterian, Louis Schneck of German M. E., Chris. Ahlbrand of German Lutheran, John Oesting of German St. Paul, Protestant, W. H. Reynolds, Central Christian church and Dr. M. F. Gerrish, Holiness Christian church.

Council adjourned at 8:40.

The one thing a merchant might do which would be less wise than non-continuous advertising, would be to close his store-doors for a few days now and then, just as a little surprise for his friends—or on the principle that this would cause them to take a greater interest in the store when it should open again.

I suffered from pain over my hips and sometimes in the upper part of my shoulder. A very short course of the treatment with Doan's Kidney Pills banished the pain across my kidneys and up to date there has been no recurrence. Mrs. Elizabeth H. Thompson, of Lillydale, N. Y., Grand Worthy Wise Templar, and Member of W. C. T. U., tells how she recovered from a serious illness by the use of Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM:—I am one of the many of your grateful friends who have been cured through the use of Lydia E. Pinkham's Vegetable Compound, and who can today thank you for the fine health I enjoy. When I was thirty-five years old, I suffered severe backache and frequent bearing-down pains; in fact, I had womb trouble. I was very anxious to get well, and reading of the cures your Compound had made, I decided to try it. I took only six bottles, but it built me up and cured me entirely of all my troubles. My family and relatives were naturally as gratified as I was. My niece had heart trouble and nervous prostration, and was considered incurable. She took your Vegetable Compound and it cured her in a short time, and she became well and strong, and her home to her great joy and her husband's delight was blessed with a baby. I know of a number of others who have been cured of different kinds of female trouble, and am satisfied that your Compound is the best medicine for sick women."—MRS. ELIZABETH H. THOMPSON, Box 105, Lillydale, N. Y.

Thousands upon thousands of women throughout this country are not only expressing such sentiments as the above to their friends, but are continually writing letters of gratitude to Mrs. Pinkham, until she has hundreds of thousands of letters from women in all classes of society who have been restored to health by her advice and medicine after all other means had failed.

Here is another letter which proves conclusively that there is no other medicine to equal Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM:—I suffered with poor health for over seven years, not sick enough to stay in bed, and not well enough to enjoy life and attend to my daily duties properly. I was growing thin, my complexion was sallow, and I was easily upset and irritable. One of my neighbors advised me to try Lydia E. Pinkham's Vegetable Compound, and I procured a bottle. A great change for the better took place within a week, and I decided to keep up the treatment. Within two months I was like a changed woman, my health good, my step light, my eyes bright, my complexion vastly improved, and I felt once more like a young girl. I wonder now how I ever endured the misery. I would not spend another year like it for a fortune."

"I appreciate my good health, and give all the praise to Lydia E. Pinkham's Vegetable Compound."—MRS. M. TILLY, 407 Habersham St., Savannah, Ga.

Mrs. Pinkham has on file thousands of such letters.

**\$5000** FORFEIT if we cannot forthwith produce the original letters and signatures of above testimonials, which will prove their absolute genuineness. Lydia E. Pinkham Med. Co., Lynn, Mass.

## PRESIDENT WILL GO

World's Fair to Be Honored  
By Visit From Chief Executive.

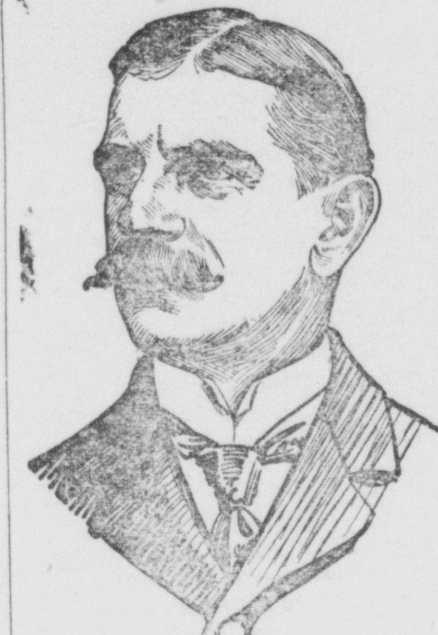

PERSUADED TO ATTEND

Mayor Wells and a Committee of Fair Officials Make a Solicitous Call on President Roosevelt.

Upon Consideration the President Says He Will Go to Fair Saturday, November 26.

Washington, Nov. 11.—President Roosevelt has promised to attend the Louisiana Purchase exposition on Saturday, the 26th of November. He made this promise last night to a committee from St. Louis headed by Mayor Wells, who came to Washington especially for the purpose of inviting him to visit the fair. The probability is the president may remain in St. Louis until the night of Sunday, Nov. 27.

President Roosevelt has been anxious to go to St. Louis to see the fair ever since its opening. However, the presidential campaign impelled him

BOLLA WELLS.

to remain in the East, and in August he so informed Wm. H. Thompson, treasurer of the exposition.

The committee to which the president last evening gave his promise to visit the fair consisted of Mayor Wells, William H. Thompson and Corbin H. Spencer, first vice president of the exposition. Their train was late, so they did not reach Washington until 6 o'clock. Through Secretary Loeb an immediate audience with the president was arranged. The committee remained with him for half an hour and each member urged on the president the acceptance of the invitation, pointing out the appropriateness of a visit of the chief executive of the nation and of the gratitude which would be felt by the people of St. Louis if he possibly could find time to go. The president cordially thanked the committee for its invitation, and after consulting his engagements for the remainder of the month, he set Saturday, the 26th, as the most favorable opportunity available. It is expected that the president and those who accompany him will leave here on Thanksgiving night and will reach St. Louis early Saturday morning. The invitation to Mr. Roosevelt, it is understood, is comprehensive enough to include any other persons whom he may wish to have with him, and some of the members of the cabinet are likely to accompany him.

The members of the committee are highly elated with the prospect with which Mr. Roosevelt decided to visit the fair. They feel that his attendance will have an excellent effect and that the day of his visit will be one of the banner days of not the banner day of the exposition's history. They say that arrangements will be made immediately for a fitting program for that day, the chief feature of course being a thorough inspection of the grounds and buildings of the great fair, with such other appropriate exercises as befits the presence of the chief executive of the nation. For Sunday following, should there be no disappointment of the committee's expectation that the president will remain in St. Louis during that day, arrangements for his entertainment also will be made.

## TRIPLE MURDER

A West Virginia Hamlet Terrorized by Vengeful Brothers.

Huntington, W. Va., Nov. 11.—Fayette county is excited as never before over a double murder which occurred yesterday, following the murder of Constable W. A. Jackson by Policeman Will Elliott of Montgomery, late Wednesday night. In a quarrel between the two officers Jackson was shot and killed. Harvey Jackson, a brother of W. A. Jackson, and two other brothers armed themselves and started out to "clean up" the entire police force of the town, which is a small hamlet near Fayette.

A telephone message was sent to Sheriff Daniels of Fayette county to come to Montgomery at once, as bloodshed was certain. Just as Daniels stepped from the train he saw Harvey Jackson lounging near the station. Without drawing his revolver the sheriff walked over to Jackson and, placing his hand on Jackson's shoulder, told him to leave town under penalty of being arrested. Jackson without a word fired twice point-blank at the sheriff, who dropped to the ground, dying instantly. John Rolf, a prominent citizen of the town, witnessed the meeting between Daniels and Jackson. Throwing up his hands, he advanced toward Jackson to remonstrate with him and to help Daniels. Jackson turned and shot Rolf dead. Then reloading his revolver and drawing another from his pocket, he defied anyone to take him. The other Jackson boys came into town, and for half an hour the three paraded the streets, firing revolvers and defying the town. The streets were deserted and not an official dared to make his appearance. In the meantime Detective Harrison Ash, reputed to be the gamest man in West Virginia, and who lives near Montgomery, was telephoned for. He was seen coming down the roadway from Montgomery by the Jacksons, who started on a run for the mountain base near by and escaped in the woods. After Ash had driven the murderers to the mountains the citizens plucked up courage and swarmed into the streets heavily armed. A posse of 200 men were quickly organized, and, under the leadership of Ash and other police, they started beating the woods for the Jacksons. The search is being kept up today, and more people are joining in the search every hour.

I cannot praise it too highly." One Minute Cough Cure relieves coughs, makes breathing easy, cuts out phlegm, draws out inflammation, and removes every cause of a cough and strain of lungs.
